Grove Girl 3rd In Beauty Race

THE FAIREST — Doree Radici, 17, daughter of Mr. and Mrs. George Radici 1655 Dupont Drive, Lemon Grove, took third place money Sunday in the Fairest of the Fair contest. The winner was 17-year-old Shirlee Brown, a redhead who lives in Ramona. Blonde Bernice McDonald of Kearney Mesa was second.

A panel of 12 judges chose the winners from a bevy of 17. The winner scored 262 points on the basis of beauty, poise and personality. Miss MacDonald scored 247 points. Miss Radici scored 240 in the tight race. Winner will reign over the Southern California Exposition and County Fair at Del Mar, June 26 through July 5, is hostess of the San Diego Convention and Tourist Bureau and in August will represent San Diego County in the Maid of California pageant at Sacramento.

Two Die In Separate Accidents

Crack-Down Seen On Speed Law Breakers

Lemon Grove became the scene of two fatal auto accidents within five days and set California Highway Patrol officers concentrating on high-speed law-infractions in this area this week. They had listed a total of four traffic deaths in Lemon Grove since March 19 and all were on Highway 94 or approaches to it.

Raymond Edward Howry, 33, operator of the Blue Banner Chinchilla Farms, was killed Tuesday morning at 12:55 when the 1948 Ford panel truck he was driving overturned at Broadway and Campo Road just east of Highway 94. He lived at 8661 Larsen Way, La Mesa.

California Highway Patrol Officer Wendell Purkey said Howry was traveling east on Broadway at a speed of approximately 50 miles an hour and he failed to negotiate the camel-hump curve at the Campo Road approach. The truck overturned when he lost control. He was taken to San Diego County Morgue.

CHP officers said Howry had been drinking.

Another fatal accident occurred Saturday at 7:30 p.m. on Highway 94 at Massachusetts Avenue when Charles F. Albro, 18, a student who lived at 431 South 49th Street was killed. His 1956 Pontiac went out of control three-tenths of a mile west of Massachusetts when he changed lanes abruptly at 85-90 miles an hour to pass another vehicle. Highway Patrol officers say he lost control as he applied his brakes to avoid hitting a car traveling at a normal rate of speed. The car came to rest on Albro's body. He was pronounced dead on arrival at Grossmont Hospital.

Injured in the accident with Albro were three San Diego youths. They are Robert O'Guin, James W. Penick and Dan Vallareal, all 18 years of age. They are at Grossmont Hospital.

The fatalities bring the total to four, all from high-speed causes, since mid-March, Officer Purkey said.

High-speed fatalities accounted for the death of a man on March 17. Two cars were involved in the accident. A woman was killed in a high-speed flip May 10. No other car was involved. Both fatalities occurred on Highway 94 at the west end of Lemon Grove.

The Dimmer View

by MAX GOODWIN

Hardly a week passes that some labor official is not indicted on extortion, coercion or other ugly charge. During the past week some near-the-top Teamsters Union officials got picked up in a net that seems destined to eventually wrap around the "big one", Mr. James R. Hoffa, Teamsters president.

The members picked up last week included Teamsters vice president John O'Rourke and two top officials of the union's big New York local.

The charge concerns racketeering in the coin-operating machine industry in New York's Nassau County and the action stems from Senate rackets committee hearings held earlier this year.

While the noose tightens, Hoffa's blasts at management grow louder, probably in an attempt to convince his followers that a question of his honesty is a blow against labor.

It is amazing how well he has kept the rank-and-file in line. The Teamsters Union could have earned nationwide respect if it had revolted and tossed out all those who became involved in crime.

There are no rules or laws that cannot be changed if a reaction of enough right-thinking persons is strong enough.

It is unfortunate that such an unsavory flavor has become a part of man's noblest efforts . . . the effort of holding family and home together by the sweat of the brow.

It is interesting to note that the Lemon Grove Co-ordinating Council and the new City of Del Mar, California, were formed at about the same time . . . and in a general way, they were formed for the same purpose. The purpose, of course, is to do something about community problems.

We talked to some of those who helped with the forming of the city when they got under way last year and one of the major proponents opined that county living in San Diego has become too complex to have community affairs run from a central headquarters in a county so large as this.

"Many of us live in outlying communities because we like the personality and character of a smaller community," he said. "But rules and regulations must be tailored to fit the make-up of that community."

As you know, Del Mar successfully incorporated last week and is now putting its city govern-

TWO L.G. STREETS TO GET FACE-LIFTING

SAN DIEGO (CNS)—Glencoe Drive, Lemon Grove, is to be improved after all. The county Board of Supervisors have agreed to share the cost with property owners.

Improvement of the street under the 1911 Improvement Act was turned down by supervisors on March 25 because of a 55.98 percent protest from property owners.

The revival of improvement plans resulted from a petition signed by 32 property owners, circulated by L. W. Kerner, wtih plans for property owners to put up the cash for their share of the project.

Lakewood Plan The Key

Del Mar Incorporation May Spur Other Tries Supervisors Opine

SAN DIEGO (CNS)—County officials were in something of a quandry last week as to the next step to be taken as a result of the Del Mar vote on May 26 in favor of incorporation.

"I would think the next action must be on the part of the new City Council of Del Mar," said T. M. Heggland, the county's chief administrative officer. "They will probably get in touch with the Board of Supervisors to indicate what service they wish the county to provide."

Inquiry at the Supervisors' offices indicated no approach had as yet been made. It was supposed that contact might be withheld until the Board is officially informed of the results of the incorporation vote and the election of councilmen by the registrar of voters, Scott Palmer.

Civic Center, following the Del Mar vote, has been opining what effect the outcome will have on other communities that have at one time or another considered incorporation.

The move to make a city of Lemon Grove was only recently defeated, but its incorporation was not on the "Lakewood plan" that was successful in Lel Mar. The latter city is to be provided with all its essential city services by the county, and Lemon Grove was one of the communities reported this week as likely to take another look at incorporation on the Lakewood basis.

However, the move to incorporate Lemon Grove was defeated, so a full year, or until early 1960, will have to pass before another election can be held.

Vista also failed to complete its plans for incorporation, lacking the requirements to bring the issue to a vote, so the law requires a two-year period to pass before another attempt at incorporation can be made. But this, too, can be coming up in the near future, after a period of watching how Del Mar's experiment goes.

San Marcos satisfactorily fulfilled a year ago the early steps of the path toward becoming a city, but the proposed election was called off at the request of those sponsoring incorporation. San Marcos could re-open its incorporation project at any time, under the law.

Other areas in which the Civic Center rumors have the seeds of incorporation germinating are Solana Beach, the Leucadia-Encinitas-Cardiff area, Poway and Fallbrook.

"We've got to prepare some figures to show what services the county will provide and how much they will cost," said Robert Dent, chairman of the Board of Supervisors. "The action in Del Mar makes it necessary that we do this at once."

L.G. Co-Ordinating Council Hears Theatre, Services District Reports

Rev. Don Cooke, chairman of a committee appointed by the Lemon Grove Co-ordinating Council to meet with the owners and manager of the Ace Drive-In Theatre, stated in his report made to the meeting of the Council on Monday night at the Junior High School that he had received courteous and cooperative treatment by the owner of the theatre, Sam Russo, who offered to the members of the committee an invitation to visit the theatre as regularly as desired to make investigations and observe what is going on.

The Co-ordinating Council was formed earlier this year after two sheriff's department raids on the theatre resulted in arrests of teenagers on complaints varying from intoxication to morals charges.

Mr. Cooke said the committee had contacted the sheriff's office which informed it that following the raids things at the theatre quieted down; that such changes had been made that the groups which had been coming in gangs had disappeared and did not reappear.

The committee found that the theatre's management had put on two special policemen for Friday and Saturday nights and are checking more carefully every car coming into the grounds. That there had been no disturbance of any kind since the original raids.

Regarding the type of films shown, Cooke said he was informed that there are four different ones: spacearamas, war pictures, westerns and horror films. He said Mr. Russo assured him he would not show any salacious pictures, but that when he showed the type of pictures the parents liked, or what he called "expensive films," he lost money on them.

Mr. Russo expressed strong feelings toward the newspapers for what he called faulty reportings of the story, said Mr. Cooke, and also toward the sheriff's office for what he maintained was an illegal type of invasion. He also said that if the Sheriff's Department would leave him alone he would police the theatre adequately. Mr. Cooke stated he felt Mr. Russo was trying to do this.

A representative of the theatre, Edward Ashkins, answered questions from the audience and brought out the following facts: That Mr. Russo had $214,000 invested in the Ace Drive-In. That he suffered $50,000 loss the first year-and-a-half operation, and up to this time neither Mr. Russo nor anyone connected with the enterprise has received any dividends at all.

Ashkins said there was no limit invoked on the number of persons in each car because, of 150 autos only three or four will

Men's Club To Hear Tax Talk

Joseph Hayes, sector intelligence officer of the U.S. Immigration Service, border patrol, told the Men's Club more nationalities other than Mexican are crossing the U.S. southern border. He said Europeans are crossing in increasing numbers due to economic conditions in their homeland.

Hayes spelled out the duties of Immigration Service officers at the border. Work, he said, is in three sections. These are examination, investigation and enforcement branches. A high percentage of Immigration Service officers are lawyers, he said. There are more sheriff's deputies protecting Los Angeles than there are Immigration Service officers covering the water and land boundaries of the United States, he said.

The speaker this week will be Dr. J. C. McClintick, professor of social science at San Diego State College. He will tell "Why Taxes Are High." The Men's Club meets every Friday at Michael's. Meetings are open to the male public.

Sups. To Hold Public Hearing On Zone Law

SAN DIEGO (CNS)—A public hearing on repeal of section 548 of the zoning ordinance, which controls the division of lands in unzoned areas of the county, will be held before the County Board of Supervisors at 2 p.m., June 23.

Supervisors set the date at their Tuesday session, despite a report from the planning department that an amendment to the subdivision ordinance to control the same kind of land divisions could not be passed for two or three months.

Dr. Willis H. Miller, county planning director, told supervisors the County Planning Commission will hold its hearing on the proposed amended ordinance on June 12.

Firemen To Get New Pay Rates

Adjustment in wages for Lemon Grove firemen, which includes both increases and decreases, were approved by the District Fire Commissioners Tuesday night.

New monthly pay rates compared with the previous year are: chief, $700, up $50; assistant chief, $650, up $72; captain, $600, up $50 and acting captain,$550, a new position.

Also engineer, $520, up $20; fireman (4 years) $480, up $10; fireman (3 years) $460, up $5; fireman (2 years) $440, down $15; fireman (1 year) $420, down $5 and probationary men $400, up $5.

Robert Vaught, district secretary said there would be no tax increase as a result of the new wage schedule. He also said that no fireman would be given a cut in pay.

FIRE DEPARTMENT HAS EASY WEEK (FORTUNATELY)

The Lemon Grove Fire Department did not make a single run during the past seven days on a Lemon Grove alarm.

Their vacation was disturbed by the San Diego Fire Department however, when they requested to "stand-in" at a small fire at the College Grove Shopping Center. Damage was negligible.

More Officers Added By L.G. Taxpayers Group

George Radici, 1655 Dupont Drive, was elected vice president of the Lemon Grove Taxpayers Association Tuesday night at the group's organizational meeting.

Elected to office at the first meeting of the group which was held in May were M. F. Lear, president; Mrs. Chester Tamila and C. E. Rowley, secretary and treasurer, respectively.

Area vice presidents were also elected Tuesday for five geographical sections of Lemon Grove. They are: Joseph Canniz-zaro, Kenneth Shoots, Amos Clay, Mrs. Alexander Felton and Roe P. Rogers.

The meeting was attended by 100 local taxpayers at the Lemon Grove Junior High school auditorium. They gave a rousing round of applause to Dr. Frank Gigliotti who charged that high county taxes are the fault of the county supervisors. Gigliottl had been appointed as group advisor in an executive meeting the week before.

"Supervisors get $8,000, a car and their expenses and entertainment paid for," Gigliotti said. "We pay $17,000 a year for a county manager (chief administrative officer, who is T. M. Heggland) to do the work we hire them to do. Our supervisor (David Bird) told us he was too ill to come to taxpayers meetings and the next day he said he was well enough to run for office again." (Bird has said privately over the past two years that he would not seek office again due to his health.)

Gigliotti then said "We are going down to the Supervisors and we are going to be heard. We will be loaded with facts. We served notice last week on the Supervisors that we are going to keep an eye on them and attend every meeting. They can reduce taxes if they want to," he said.

Several members of the audience reported that the assessed valuation on their property had been reduced following the formation of the Association. In each instance, however, the taxpayer had a hearing at the Assessor's office.

Constitution and by-laws will be presented at the group's next meeting. Tentative plans call for a meeting to be held on the second Monday of each month. The next meeting will be in July.

Retail Clinic Survey Findings To Be Heard

A report of the Retail Clinic survey conducted by a committee of the Lemon Grove Chamber of Commerce will be given Monday, June 22, according to Jim Spears, committee chairman.

A study was made by the committee earlier this week of the replies to 135 questionnaires each containing 16 questions. The questions were all related to better retailing practices for Lemon Grove.

The meeting will be held at the Lemon Grove Junior High School auditorium at 7:30 and all retailers are invited. The chamber will mail notices just prior to the meeting.

Supervisors Order Condemnation Of Broadway Land For Sewers

SAN DIEGO (CNS) — Condemnation proceedings to obtain an easement from Jackson M. Ammons, 3511 Citrus Street, for a sewer line off Broadway, Lemon Grove, were authorized Tuesday by the County Board of Supervisors.

Warren Barney, chief engineer for the department of public works, told the Board that the easement was needed at once to serve an area north of the freeway and that Ammons had failed to agree to provide easement, although the condition he had set had been fulfilled.

Ammons denied this, saying that he would give the easement if he could be assured that two lots he owns would not be assessed for benefits from the sewer line. He said the two lots were being treated as one, were under lease for 10 years, with a 10-year option for renewal, and had sewer service from Broadway.

Barney agreed that one of the lots would not benefit, but said the other would and should be assessed.

Ammons told of a long period of negotiation with the county and accused the county of threatening to hold up a sewer connection for his tenant, Streit Chevrolet, unless the easement was granted. He called this "the wrong tactics," indicating that he had refused to cooperate since this event.

Ammons said if he faced the choice of giving the county an easement, with one lot to be assessed, and having the easement condemned, by which the court would probably order some payment to him, "Then it would be good business not to give the easement."

The Board then directed that the County Counsel's office start legal proceedings to obtain the six-foot easement requested by the public works department.

LETTERS TO THE EDITOR

Dear Editor:

In the year we have been in the Philippines our home-town newspaper has done much for the morale of the Larsen family. Since we consider Lemon Grove our home, even though we are away from there, it is one of the ties that bind. Even though it is usually a month old by the time it reaches us by sea-mail it still retains a freshness that is a tribute to your brand of journalism.

I must admit, at times, it's downright demoralizing too. For example, your last issue advertised new White Rose potatoes at 10 lbs. for 33 cents. Out here we are paying 47 cents minimum for five pounds. Except for what vegetables we can buy in the local market we are limited to what is brought in by ship. Spoilage boosts the price tremendously.

Enclosed you will find a U.S. money order covering next year's subscription. Keep it coming. With each issue we are temporarily transported mentally from this land of grass shacks and outrigger canoes via "magic carpet" to the plaza with the big lemon.

Sincerely,
Al Larsen,

CLASS IN MASS SWIM — Carman Ranch Club, 2515 Sweetwater Road, became the scene of mass class in the rudiments of swimming after tests among 600 Mt. Miguel High School girl students showed only 7% could swim well enough to save her own life, according to Stan Rose, aquatic director for the club.

This year, when club offered the use of its facilities to the high school, 110 girls undertook a five-weeks training course under the direction of Miss Barbara Balkan, Mt. Miguel Physical Education Instructor. When the classes were completed at the end of May, 86 of the 110 girls (87%) passed tests qualifying them for Red Cross cards for varying degrees of swimming ability.

During June, Mt. Miguel boys will be given training at the club's pool.

Starting June 23, a new pool will be opened at which time anyone who wishes to learn to swim may take lessons. It will not be necessary to join the club to do so, according to Elda Carovano, club president.

In the photo above is Miss Balkan putting a class through an exercise in floating.

'Six Guns' To Be Fair Feature

The "Era of the Six Gun," a western melodrama with emphasis on the quick draw, stunts and comedy, will be featured daily at the Southern California Exposition and San Diego County Fair in Del Mar, June 28 through July 5, it was announced yesterday.

A mock-up of a complete western town will provide the backdrop for the 30-minute show at the community stage. Performances are scheduled five times daily, starting at 1:30 p.m.

Heading the cast will be Lucky Laredo, a veteran actor who has been marshal at Disneyland; comedian Bert Henry, fast-draw gunslinger, Hank Post and rodeo champion Billy Hammond.

have four to six passengers. The most, he said, have two or three. Hoodlums, he said, are refused admission to the theatre.

He said the age group of his theatre's patrons is 18 to 32 years of age. The 42 to 55 age group do not attend regularly so pictures are made to appeal to the younger groups. He said many children are brought to the theatre in pajamas to sleep in the back seat. Parents often object when there is too much noise because the youngsters can't sleep, Ashkins stated.

Ashkins commended the Rev. Cooke for a fair analysis of the meeting.

NEEDS URBAN SERVICE

The Co-ordinating Council meeting was broken into three other segments. In one part Robert Sutton, principal of the Lemon Grove Junior High School, and V. J. Dorman, local attorney, both of whom presided over their own sections, were in agreement. "You cannot have urban service and be a rural area," they said. Both said a community wanting to care for its urban wants would have to provide for itself.

Sutton had first brought out this situation in his talk and report on law enforcement among the school children in Lemon Grove. He said that the past year had been one of comparative calm around the school in the group between 10 and 14 years. This represents much of the youth which experiments with various types of trouble-making.

Sutton stated that after parents realize that there is no regular law enforcement patrol established in Lemon Grove to take care of the mischievous children and break up gangs, they tend to keep their children out of these trouble areas. There are far fewer youngsters now who go uptown.

Sutton said he doubted that any merchant was selling alcoholic beverages to children. Most of it, he said, comes from the family refrigerator. Some comes from thievery in markets. A bottle of wine and as many as three bottles of beer can be taken by a youngster without detection, he said.

The sheriff's department claims it cannot maintain regular supervision in many cases as it is urban service, and the local law enforcement is rural. Vandalism, however, is decreasing, he said. This, after three years of steady increase. Little League and other young activities were given as a reason for the decrease by members of the audience.

40 YEARS FOR POOL

Dr. Robert Burns, former president of the Lemon Grove Swimming Pool Association, said the group needs $100,000 "right now" to build a community swimming pool, but based on the group's income rate over the past six years it will take 40 years to acquire the funds.

Many projects are being contemplated for completing the fund-raising job, he said, and despite the project gathering more universal support than any other in the community, the road ahead appeared to be long and rough. He also said the county had done nothing toward improving the 3½ acres of land adjoining that they had acquired for recreational purposes. The Association could develop the property but it hasn't the funds, he declared.

V. J. Dorman, former school trustee and present Lions Club president, said that population alone will not provide urban services. County officials will not fill urban needs in Lemon Grove ahead of other unincorporated county areas simply because more people live there, he said. "In the absence of an incorporated community we must look to our own available resources if we want a recreation district." "Moreover," he said, "no recreation development is self-sustaining but must have a governmental budget to help maintain it."

He described the formation of a Community Services District which he averred would answer to the requests for such things as youth centers, recreation, lighting and other services. Dorman said such a district could be formed on a petition representing ten percent of the registered voters who cast ballots at the last general election. He said the best way to form districts was one at a time rather than attempting an omnibus district, the latter of which "wouldn't get to first base," he said.

The meeting was made up of approximately 50 clubs and group representatives and was adjourned by President E. Walter Smith promptly at 9 p.m.

Board OKs Summer School; Studies 1959-60 Budget

The schedule and staff for the Lemon Grove Elementary School District summer school have been approved by the school board.

The schedule calls for 180 minutes of instruction a day starting June 29 and ending July 7. Daily schedule will be: arithmetic 8:30 a.m.; physical education, 9:15; reading, 9:45; spelling, 10:30; music, arts and crafts, 11, and close 11:30 a.m.

Approximately 200 children will be planned for at the school. Wiley Cornelius, principal at Palm Avenue School, has been appointed as principal-teacher for the summer project.

In other action the board indicated that some personnel would get small increases in salary if the estimate of district income holds up and if the budget is cut. Byron Netzley, district superintendent, said the income study, prepared by Paul Reynolds, would probably hold firm. He has already earmarked budget cuts totaling $60,000 for the trustees' consideration. He said the cuts were all in requests for proposed added expenditures.

Teachers' Salary Committee and Classified Employes Salary Committee plan to attend the next budget hearing to present proposals. The teachers' group has already indicated it would make no demands that would curtail the educational program.

The board continued the budget study which had gotten underway several weeks ago. Netzley said it was probable that the school tax rate would remain at its present level. Higher assessed valuation and more tax base should meet the apparent budgetary needs without disturbing the tax rate, Netzley said.

The next board meeting will be at 7 p.m. at the Education Center at Kempf and Lincoln.

First Federal Opens New Headquarters

One thousand silver dollars, plus 25 additional silver prizes will be given by the firm at the end of the celebration. The 25 gifts of silver symbolize the 25 years the firm has been operating. Each guest who registers for the prizes receives a commemorative silver medallion key chain.

LETTERS TO THE EDITOR

Dear Editor:

Lately there has been some grumbling about taxes, even a local taxpayers association formed. With such a show of dissatisfaction, efforts have been made by officials to ease the public mind. Explanations usually run about the same: population growth, inflation, better facilities for serving the people, etc. Officials who speak to the public on such matters are well-informed. They can show where every dollar is going and justify every expenditure. The uninformed citizen is impressed by the deluge of facts and figures and parts from the public servants with a sense of frustrated helplessness, still irritated by prohibitive taxes but at a loss as to what to do.

Some citizens form protest groups, that is, taxpayers associations, which are anti-tax. They say "no" to taxes **per se.** This is silly and clever officials make mincemeat of them, simply because most of us are convinced that certain governmental services are essential. So am I, but I'm against the rising costs of such services. The county administrative chief has said, to cite the LEMON GROVE REVIEW, that almost 45 percent of the proposed budget will go for charities and corrections. Uudoubtedly Mr. Heggland can show us where every cent is going. That's not questioned. What should be demanded, though, of our county officials is an accounting of the management of county institutions. Juvenile Hall, for example, is supposedly a detention home for youthful lawbreakers. What do the kids do there? Do they earn their keep by working? Even if they receive a few hours of schooling each day, there is plenty of time left when they could be doing something useful, not just for their own benefit but to help pay their way. Isn't it a bit paradoxical that we, at our own expense, intern errant youths and do nothing to make them earn board and room? And who ever heard of anyone being rehabilitated by having to do nothing?

What's to prevent the county buying a good-sized farm where vegetables and fruit can be grown? When a kid is confined to this type of "Juvey" (which is the name affectionately applied to the present rest home), he hoes weeds and picks tomatoes. You don't have to kill them with overwork, but you can certainly partly offset the cost of confining them.

Now I don't want some official nabob to write in rebuttal that what I've recommended is not "feasible" (one of their favorite words). Far better would be a series of articles printed in the LEMON GROVE REVIEW about the administration of Juvenile Hall and some other institutions into which our money is being poured. Then, Mr. Goodwin, watch your newspaper circulation keep pace with taxes and soar clear out of sight.

Dear Editor:

Veterans of World War I are asking all veteran groups to join in a letter-writing campaign to congressmen and senators to kill the abominable HR 6432 Bill which would take away all veterans' rights and replace these with a federal dole.

More than 200 Vets assembled at Memorial Building in Balboa Park Monday night to plan steps to kill the bill.

In the United States 12,000,000 folks are eligible to write to save the Vets' and their widows' future rights.

SPELLING BEE

The word "supercilious," meaning proud, was the downfall of two eighth graders in the recent annual spelling bee at the Spring Valley Junior High School. But tying for first place, after the word threw them, were Lois Claussen, 13, and Jim Spears, 14.

In the seventh grade group, the word "lieutenant" flunked out second place Bill Putman, 12, but brought place honors to 11-year-old Joan Langworthy.

Sponsor of the bee was Miss Enid Traffinger, social studies teacher.

CHRIST THE WAY

Man has gone his own way. Christ came to show us a new way and has demonstrated by actual experience His way to be the only true and living way for man to fulfill his destiny and to attain to the highest development which is possible for him. Paul on many occasions referred to the Chistian life as "The Way." Before his conversion he asked and received authority from the high priest "That if he found any that were of THE WAY, he might bring them bound to Jerusalem."

Furthermore Jesus claimed to be "The Way, the Truth and the Life." Rev. E. E. Nichols

State Peddles Vet Bonds

The sale of $100,000,000 in Veterans Bonds, the first part of the $300,000,000 Veterans Assistance Bond Act approved by California voters in November, was announced this week by State Treasurer Bert A. Betts of Lemon Grove.

Among the advantages of the program to eligible veterans are two low-cost Home Protection Life and Disability Insurance features.

The first assures the veteran's dependents of clear and free title to their property if he dies before the contract is paid off. The second pays monthly installments on the property if the veteran becomes totally disabled by sickness or injury for over three months.

A veteran knows before he acquires a farm or home that it has been reliably inspected and approved by the department's own property appraisers, and its value established. And if his property is sold by condemnation proceedings or in lieu of condemnation, or is completely destroyed by fire or flood, it is possible for him to obtain a second purchase loan.

Well-Known Firm Opens You-Do-It Laundry In CdO

Leon Greene and Howard Robinson, long established plumbing merchants in Casa de Oro, Spring Valley, started offering a new service to their community this week on Saturday with the opening of a fine up-to-date laundry service, under the name of L & H Laundromat, at 10022 Campo Road. The cost of the investment is $20,000.

The modern stucco building is 30 x 50 feet and houses twenty washing units and four All-Dry gas dryers, each one capable of handling one to five loads. In back of the dryers is an adequate boiler room holding a 100-gallon high recovery booster hot water tank for each side. The machines have been run for hot water test one and a half hours without any reduction in the hot water temperature. All machines have been tested thoroughly before given the ready-to-go signal. There has also been provided a 350,000 grain water softener. A specially built platform raising the washing machines above the floor is a bulkhead for all water and drainage pipes, all covered with marble for neatness and cleanness.

There will be 24-hour service. The machines are United States-coin operated and fully automatic. There are coin-operated boxes for washing powder and bleach. Wire carts for transporting laundry from car to building and from machines back to car are available.

The building is well lighted with fluorescent ceiling lights and will be well lighted on the outside at night so that there will be no menacing dark spots.

All the installation is not yet complete, as a 20 x 30 patio is being readied in which to place children off the street while parents are engaged in laundering. It is also contemplated to have paving in the front before winter rains, provided the County Planning Commission sets the proper lines for curbs and sidewalks before that time. Negotiations are now under way with the Planning Commission.

Mt. Miguel Music Teacher To Lead Civic Youth Orchestra

Lawrence Christianson, head of the music department of San Miguel High School was appointed guest conductor of the Civic Youth Orchestra for the 1959-60 season. The appointment was announced by Mrs. Conant Moulton, president of the youth organization.

He is also principal of the French horn section of the San Diego Symphony.

Christianson will replace Daniel Lewis, musical director and conductor of the Civic Youth Orchestra since its inception in 1956. Lewis was granted a leave of absence to study conducting in Europe, beginning this summer, under Fullbright and Howard Foundation grants. Lewis is also instrumental music director at Helix High School.

Christianson joined the Helix High School music faculty in 1955 where he directed the concert and music bands. In 1957 he was appointed head of the music department at the Mt. Miguel High School when it was opened.

He is a member of the American Federation of Musicians, Local 325, San Diego, and was a member of the Phi Mu Alpha, a musical fraternity while at San Diego State College. He lives at 1620 Cameron Street in Lemon Grove.

And Who Doesn't?

Fiesta Wants Redheads, Blondes –AND Brunettes

With the majority of the present Fiesta queen candidates being brunettes, the Fiesta del Pacifico office today put out a call for blondes and redheads.

"Perhaps girls think they must be brunette to enter the Fiesta del Pacifico queen contest," Harry Callaway, chairman of the Fiesta del Pacifico queen committee said. This isn't true and a candidate does not have to be born in San Diego County or Baja California under this year's rules. However she must be a resident of the county or of Baja California, be single and between the ages of 18 and 25.

"We want some variety for the judges so blondes and redheads are most welcome."

The queen, to be selected July 25, will receive $1,000 in cash, other prizes and will reign over all Fiesta events.

NURSERY-MATE TO BE GUEST OF HONOR

Darlrae Bickley, daughter of Mr. and Mrs. Edward L. Bickley, 8102 Palm Street, will celebrate her third birthday with a party Sunday afternoon at her home.

Susan and David Cooper, Sally and Cindy Bushue, Cheryl and Michael Reitz, Nancy and Sherry Siemasz, Janet and Laura Danielson, Steven Willett, Patricia Williams, Michael Reed, Linda and Teri Phillips of Palos Verdes Estates, California, and Stephen Bickley.

Mrs. E. Mickelson To Preside At SV Woman's Club

Mrs. Elmer (Greta) Mickelson of 2810 Bancroft Drive, Spring Valley, was elected president of the Spring Valley Woman's club last week. She succeeds Mrs. C. V. (Jean) Eskridge.

Other officers elected were: Ruth Taylor, first vice president; Reta Hulett, second vice president; Lucille Berger, recording secretary; Beulah Moyer, corresponding secretary; and Gertrude Gray, treasurer.

Installation will be held June 10.

The club is planning an old fashioned picnic, to be held at Lindo Park, Lakeside, on June 17.

Recently $75 was turned over to the Spring Valley Welfare by the Woman's club. The Welfare department may use the money for any purpose they choose.

PICTURE TALK

by Bob Vaught

PROJECTING A NEW IMAGE

After selling movie projectors for years, you expect them to have a certain size and shape. Then along comes something altogether new like the Brownie 8 Movie Projector and you have to reorganize your thinking.

Believe it or not the new Brownie 8 is just about the size of a portable radio. (If you want to be **exact,** about it, its dimensions are 8⅞ inches long, 4¾ inches wide, and 6½ inches high. Weighs all of 5½ pounds.)

Bob Vaught

We ran off some of our favorite movies on it and the Brownie 8 gave us one pleasant surprise after another.

It can hold a 200-foot reel of film so you can see fifteen minutes of movies without an interruption. Threading couldn't be simpler. There are no sprockets to fuss with. You just slip the film over smooth snubbers and behind the film gate. It's so easy you can do it while the projector is running.

At a distance of only twelve feet the Brownie 8 gave us a screen image that was three feet wide! And the picture was as bright and steady as you could want. when it came to rewinding, it took this little Brownie Projector just 30 seconds flat to rewind 200 feet of film.

Did I hear somebody out there say, "How much?" Well, that's the happy ending to this story. The price is only $44.50. If that sounds like a bargain — you're right!

Asks State Aid For Campo Road

SAN DIEGO (CNS)—State aid for a proposed improvement of Campo Road, Spring Valley, is being requested by the County Board of Supervisors.

The Board voted at a special meeting last Thursday to ask the Division of Highways to participate in a 1911 Improvement Act district project proposed by local property owners for the area from near Kenora Drive to about Granada Avenue, a distance of about six-tenths of a mile.

Estimates put the cost of the work to be done at $300,000, and it is hoped the state will pay for paving the 80-foot right of way and for the drainage, if property owners meet the cost of the curbs and sidewalks.

SPRING VALLEY QUEEN — A Spring Valley girl, Janet Galloway, 18, of 10341 Toledo road, was named winner of the San Diego competition of the forthcoming Miss Universe contest. She won over five other girls. She will go on to the California finals at Burbank June 27. Should she win there, she will go into national competition, the winner of that to enter the Miss Universe contest. Miss Galloway, a Negress, and a freshman at San Diego State college, is majoring in Spanish, which she hopes to use in the commercial field. She was born in Washington D.C. Her father, mother, six brothers and one sister, live in Compton, Calif. One brother, Isaac, is being considered for a contract with the Los Angeles Dodgers.

"Nobody in this world was more shocked than I was when they told me I was the winner," she told our reporter. "All my life, my mother told me to try my hardest to do my best at everything, but to never let my hopes run away with my heart because being a Negro sometimes has its disadvantages. But that's what makes its so wonderful," she said. "Not for me, but for all other Negroes. This is proof that they can compete, too. Nobody will ever know how many of the younger ones refuse to try because they think it's impossible to win—not just in beauty contests, but in everything," she said.

Janet Galloway is five feet, four inches tall and weighs 118 pounds. Her measurements are 34, 24, 36.

Five New Teachers For Area Schools

Lemon Grove and Spring Valley area high schools will get five new teachers for the 1959-60 school year, Dr. Frank Tidwell, personnel director for the Grossmont Union High School District, has announced. Two of the teachers will join the Helix High faculty and three will teach at Mt. Miguel High, Tidwell said.

Four other new teachers are slated to join the Grossmont district. Three of the group will teach at Santee's El Capitan High, to open for the first time in September, and the other will teach at El Cajon Valley High.

Helix High's latest additions to the staff are Edward Frank and Annadorothea Kohls. Frank, recently with San Diego State College and Sweetwater Union High School District, will teach English. Miss Kohls, educated in Germany where she has taught for some time, will teach German and English.

Mt. Miguel High's new instructors are Dorothea Anderson, John Ferguson and Richard Mcminn.

Miss Anderson, a graduate of Cornell University with a master's degree from Whittier College, has taught in the Burbank City Schools, California Western University, and in the American High School, Kodai, India. She will teach English.

Ferguson will teach wood shop. He is a graduate of San Diego State and has been with the San Diego City Schools and the United States Coast Guard.

McMinn, new driver education instructor, is a graduate of UCLA and has been wtih the San Mateo school system for two years.

ment together.

In a very small, but equally important way, that's what the Co-ordinating Council is attempting to do. Under the direction of the Rev. E. Walter Smith, together with the responsible leader of every group and organization in Lemon Grove, community problems will be approached.

For the sake of comparison, Lemon Grove has five times the population of Del Mar.

The Co-ordinating group is to be commended doubly because all of its effort will be of the volunteer variety.

It's a whale of a job for any group without law-making authority.

If you are like us you cringe a little when the discussion turns to insanity.

Chances that your family can suffer this disorder is one-in-ten because one out of every ten persons in the United States has some form of mental or emotional disorder requiring treatment.

Fifty-two percent of all the hospital beds in the nation are occupied by persons diagnosed as having a mental illness.

Mental Health Month, which is currently being marked, is not intended to frighten you with appallingly high statistics although statistics must be shown to give proper background. Quite the opposite.

Mental Health Month is designed to eliminate superstition, ignorance, and prejudice surrounding mental illness by bringing out of the area of darkness the various problems confronting mental patients, their friends and relatives.

As one step in the direction of knowledge you may want to know into what categories these one-of-ten mental patients fall.

The diagnosis (and approximate ages) of new admissions to state hospital are:

SCHIZOPHRENIA: 23 percent (16 to 35 years old)

SENILE PSYCHOSIS AND ARTERIAL ATERIOSCLEROSIS: 21 percent (mainly 60 and over)

INVOLUTIONAL PSYCHOSIS: 6 percent (45 to 60)

MANIC-DEPRESSIVE PSYCHOSIS: 5 percent (35 to 50)

SEVERE ALCOHOLISM: 13 percent (25 to 55)

PERSONALITY DISORDERS (other than alcohol): 6 percent (15 to 35)

PSYCHONEUROSES: 9 percent (25 to 45)

MENTAL DEFICIENCY: 2 percent (15 to 45)

ALL OTHERS 16 percent

On the brighter side: Seven out of ten patients who are hospitalized recover entirely or partially.

Brighter yet: A majority of them leave the hospital within the first year.

IGY Chairman To Give Public Report At State

The Chairman of the United States Committee for the International Geophysical Year will give a first hand report of IGY results at San Diego State Monday, June 15.

He is Dr. Joseph Kaplan, professor of physics, University of California at Los Angeles. He will be key speaker in a panel discussion on the IGY scheduled for 8:30 p.m. at the campus outdoor theater.

The meeting is open to the public without charge.

Kaplan's appearance will be the kick-off event for the 40th Annual Meeting of the Pacific Division, American Association for the Advancement of Science, which will take place at San Diego State June 15-19.

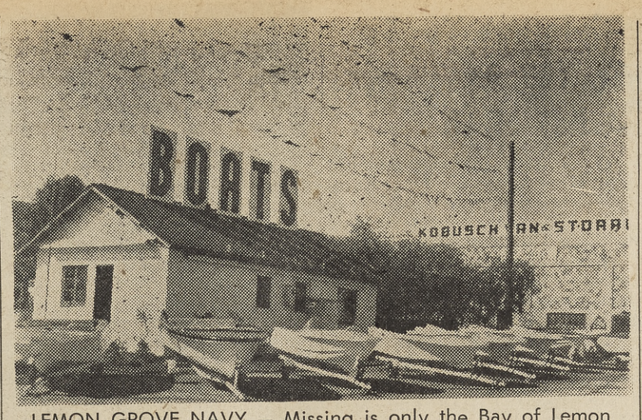
According to Dr. George E. Lindsay, Director of San Diego's Natural History Museum, and chairman of the meeting, some 2,000 scientists are expected to be on hand during the five-day gathering.

Three other scientific authorities will appear with Kaplan during the IGY discussion. They are:

Dr. Roger Revelle, director, University of California at La Jolla, who will discuss advances in oceanography resulting from the IGY;

Dr. Robert P. Sharp, chairman, Division of Geological Sciences, California Institute of Technology, who will discuss advances in Seismology and Glaciology, and

Dr. Clarence E. Palmer, professor of Geophysics, University of California at Los Angeles, who will report on advances in meteorology.



LEMON GROVE NAVY — Missing is only the Bay of Lemon Grove to complete this nautical scene—but boats, there's plenty of them. It's the newly opened Boat Mart at the corner of North and Main Street in Lemon Grove . . . at the site of the community's first lemon packing house. The firm is owned by Bill Kobusch and Earl Ghen is manager. Ghen said the firm would handle boat sales, repairs, service, parts and accessories. The Mart is franchise dealer for Mercury outboard motors (6 to 70 h.p.) and Classic Fiberglas boats (10 to 18 ft. sizes). A used boat and motor department is also in operation.

Progressive Dinner Planned By LG Jr. Woman's Club

The Lemon Grove Junior Women's Club Annual Progressive Dinner is set for this Saturday, starting at 6:30 p.m. Theme for the evening is Hawaiian and everyone is to dress in the style of our newest state. Cocktails will be served amid Hawaiian decor in the rumpus room of the home of Mrs. Ralph Kraft, 2358 Loma Drive. The main course will consist of casserole dishes to be eaten at the home of Mrs. Robert Torrens at 2523 Pergl. The members, husbands and friends will then progress to the home of Mrs. Warren Peterson at 3910 Violet Street, La Mesa for poi and dancing.

This event is open to anyone interested in joining the club and reservations can be made by calling Mrs. Kraft at HO 6-7015 or Mrs. Torrens at HO 3-1627. A charge of $1.00 a person will be made and tickets for the liquid refreshments will be $1.00 for three tickets.

Road Work To Be Cut As County Income Drops

SAN DIEGO (CNS) — Last minute re-calculations have resulted in sizeable slashes in the county's road program for the 1959-60 fiscal period, the County Board of Supervisors was informed Tuesday.

The anticipated surplus at the close of the present year will be $652,000 less than forecast several weeks ago, Fred A. Rhodes, acting county surveyor and road commissioner reported. He said most of this resulted from funds transfers in recent weeks, to provide money for "insufficiently budgeted projects or new items of work."

The total of funds to be available next year, Rhodes said, will be about $5,769,950, compared with original estimates of $6,396,135, a drop of $626,185.

The decline would have been greater, as there were additional appropriations for the wage boosts voted recently for employees, except that the return from state highway users' taxes will be $200,000 above what was expected.

The $626,000 cut in funds available for roads wlil have to result in curtailment of some projects,'" Rhodes declared.

University Women Set Installation Of New Officers

New officers of the La Mesa branch, American Association of University Women, will be installed at the annual luncheon to be held at 1 p.m. June 13 at O'Quinn's Restaurant.

Mrs. Louis Poluzzi has been reelected president and officers who will serve with her include: Mmes. Max H. Thornburgh, Robert Van Tuyl, Merle C. Brady, Robert C. Casey, vice presidents; Mrs. William C. Carden, corresponding secretary; Mrs. Richard L. Haynes, recording secretary; and Mrs. Sherman Q. Burns, treasurer.

Optometrists To Hear Motor Vehicles Chief

E. K. Ball, of Sacramento, chief of field office operations of the California Department of Motor Vehicles, will make the major address at the 1959 Motorists Vision dinner-meeting of the San Diego County Optometric Society at Hotel Lafayette Tuesday, starting at 7, it was announced by Dr. Russell Love, Spring Valley optometrist, who is general chairman.

Ball will speak on the "Relationship of Vision to Highway Safety."

Short talks on traffic safety will also be made by Judge Huntington P. Bledsoe, presiding judge of the San Diego traffic court; David Thompson, executive manager, San Diego County Traffic Safety Council; Lt. Warren Morrison, of the traffic division of the San Diego police department, and William Hay, district supervisor, field office operations. Staff members of the local branches of the motor vehicle department will be among the guests of honor.

The society also will award its annual plaque for "outstanding achievement in the field of traffic safety."

Local Scout News

BOY SCOUTS

Indications are that more people will see the Scout Fair this year than ever before, according to a report from Boy Scout Council. The Fair is set for June 13, from 12 noon to 10 p.m. in Aztec Bowl, San Diego State College.

Last year over 50,000 viewed the fair. This year there will be more and better booths, the report stated. There will be greater boy participation, an excellent special stage show and several new features, which all add up to an outstanding event, says Tom Fletcher, Scout Fair chairman.

The ticket sale program got off to a good start May 27, when over 400 unit ticket sales managers attended district meetings. Since then thousands of Cubs, Boy Scouts and Explorers have been contacting friends and neighbors to get them to attend this big show.

Deadline for the ticket sales has been set for June 11, in order for prizes to be distributed at the Scout Fair and the 5 percent bonus on tickets accounted for by June 11.

COURT OF HONOR

Several awards were made when Boy Scout Troop 311 held a Court of Honor May 26 at the La Mesa Junior High School auditorium.

Peter Mystrom was awarded the tenderfoot rating, Alan Snider was awarded a second class badge, and James Alter, Dennis Grey, Douglas Grey, and John Novotny were raised to First Class Scouts.

Richard Bullock, John German, John McCorkle, Gary Juleen, Mason McNinch, Clyde McMorrow and Timothy Nichols achieved Star Scout rating.

William Rogalla was elevated to a Life Scout. Scouter Glen German was inducted as an assistant Scoutmaster, Scout Jim Trost was made a junior assistant Scoutmaster and inducted as a Junior HOBO, and Scouter Mervin Snider was inducted as a member of the adult HOBO Patrol.

The following Scouts also received merit badges: Richard Bullock, Gary Froreich, John German, Dennis Grey, Douglas Grey, Douglas Huston, Gary Juleen, Fred Kleymann, Andrew Teach, John McCorkle, Clyde McMorrow, William McMorrow, Mason McNinch, Timothy Nichols, Roy Nielson, William Rogalla, Jim Trost, and John Warren.

The Woodsman Patrol, under the leadership of Clyde McMorrow, won the competition for the Honor Patrol.

School CAC Asks For Athletics 'Watchdog'

The Grossmont Union High School District Citizens' Advisory Committee May 27 accepted a recommendation of its Sub-Committee on Extra-Curricular Activities that a district policy committee be set up to discuss all matters pertaining to athletics.

The committee, composed of the athletic director, principal or vice principal, student commissioner of athletics of each school and a representative of the district superintendent, would make recommendations to the district Board of Trustees.

"The athletics policy committee would aim at continued development in equipment, facilities, scheduling, and eligibility. It would be a coordinating type of thing," said Mrs. Ardean Martin, Helix High School PTA representative who presented the report.

SURVEY AWAITED

Mrs. Blanche Hoye of the CAC'S Counseling and Guidance Sub-Committee said that previous year's recommendations for a psychologist, a consulting psychiatrist, and psychiatric social workers have not yet been acted upon, since the district is waiting for results of a survey made in this connection.

L. F. Smith, District Superintendent said that district services, such as the ones recommended, are being provided as fast as the district can afford to do so without increasing per-pupil cost which has been held to $70 below the state average. Personnel and curriculum services are now provided and additions to the counseling and guidance program are next.

CAC members also saw a film strip presenting the case for federal support of schools and referring to the Murray-Metcalf bill now before Congress. The bill would provide $25 per pupil to the state for four years, the money to be used either for building or salaries. The money would be administered through the state governments and is limited to four years.

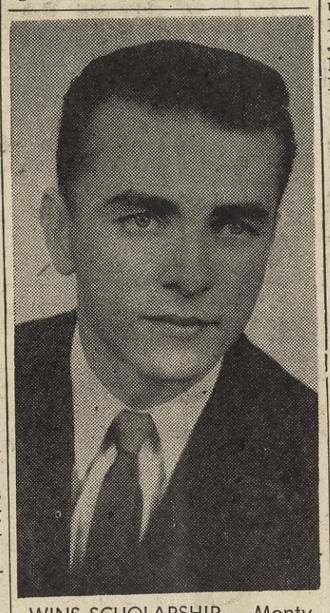
BOARD AGAINST BILL

The district's Board of Trustees last week considered the pros and cons proposed by the Murray-Metcalf bill, but took no action when it was apparent the board, with the exception of Mrs. Charles Goode, was against the bill at this time.

Superintendent L. F. Smith pointed out that mounting enrollments, increasing costs and the need for improvement in teachers' salaries would impose excessively heavy taxation against local property in the event more state or national support is not provided.

The bill has provisions which guarantee there will be no federal control, said Smith. Trustee Rex Hall stated that while opposed to the bill the board should study the measure so that if it is approved, the district might be able to use funds to support the local educational program.

The board also expressed alarm concerning AB2495-Waldie in the California Legislature which would remove local control over school construction and transfer it to the state Department of Finance. The bill would also cause unreasonable delay and increase double sessions in local districts if it is approved, the board decided.



WINS SCHOLARSHIP — Monty Dickinson, son of Mr. and Mrs. George Dickinson, 7526 Madison Avenue, Lemon Grove, was recently awarded a $100 scholarship offered by the San Diego-Imperial section of California Association of Public School Business Officials, the first from a newly established fund.

Dr. Charles W. Lamden, head of the business administration department, San Diego State College, was requested to submit the names of six outstanding students at State who are majoring in business administration. A committee, headed by Rodney H. Merrill, personnel technician at San Diego Unified school district, interviewed all six of the students, and decided that Monty more than fulfilled the requirements, based on scholarship, worthiness and general ability.

The scholarship, in Monty's name, will become available to him upon registration. He plans to use it in summer school classes.

George Dickinson is in the maintenance department of Lemon Grove School District and his daughter, Mrs. Charlotte A. Minnis, is a teacher in the district.

United Fund Annual Meet To Be Held

The annual meeting of the United Fund of San Diego County will be held at 3:15 p.m., June 10, at United Fund Headquarters, 3535 Enterprise St., San Diego.

Herbert Kunzel, president, said that since the Fund is a givers' organization, all persons who gave last fall in the annual drive to support the county's health and welfare agencies automatically are members and are invited to attend and to vote.

Election of officers and new board members is scheduled.

Kunzel pointed out that the drive last year was the most successful fund raising campaign ever conducted in San Diego County.

100-Foot Tower OKd

SAN DIEGO (CNS)—A permit for a tower almost 100 feet tall on a Lemon Grove church was approved by the county Planning Commission. At the same time, a zoning variance to clear the way for a professional building in Lemon Grove was granted.

The tower is to be erected on the building of the Church of Jesus Christ of Latter Day Saints, to be located on the north side of Vernier Street, west of Sweetwater Road. The permit granted also covers the building of a new church. A similar permit was issued last year, but the refiling was needed because of a change in plans.

Donald G. Johnson won the zoning variance, enabling him to build 50 feet from the center line of Main Street, instead of the required 75 feet, and 42 feet, six inches, from the center line of Central, instead of 50 feet.

The commission was told that Johnson's corner property would be virtually unusable if the ordinance restrictions were upheld.

Johnson, who was in the audience, told the commission he intends to erect a "small professional building" on the site.

Two Grove Men In Pacific Exercises

PACIFIC FLEET (Spcl.) — David D. Zastoupil, seaman, USN, son of Mr. and Mrs. R. W. Zastoupil of 8401 Roy Street, Lemon Grove, and Delwood C. Westfall, seaman, USN, son of Mr. and Mrs. D. C. Westfall of 2606 Bonita Street, also of Lemon Grove, are serving aboard the attack aircraft carrier USS Midway operating with the Pacific Fleet off the coast of Northern California.

The Midway is training the already highly experienced jet pilots and airmen of the carrier's air group in the latest techniques of naval air warfare.

Local Accountant Accepted In NATA

Alger E. Howell, 3455 Imperial Avenue, Lemon Grove, has passed the required examination and has been accepted into membership as a "Fellow" of the National Association of Tax Accountants, it was announced last week.

NATA is a nationwide group of qualified tax accountants, organized in 1943, for the promotion of their profession and to assure the American taxpayers of a fair deal in the preparation of their tax returns.

One of the main objects of the association is the elimination of the untrained and unethical so-called "tax experts" who blossom forth each year at income tax filing time.

"GOD'S PATIENCE"

Does it not cause you to stop and marvel at God's patience? Every person on the face of the earth is dependent on God for his daily sustenance, but how few ever pause to say "thanks." Stop and ponder for a moment how God can be so patient with such ingratitude.

A Navy ship, aboard which a Spring Valley man is in charge of the general mess, recently was given "outstanding" recognition by the commandant of the 11th Naval District, Rear Admiral C. C. Hartman. The ship, U.S.S. Kalmia (ATA184), was cited by Adm. Hartman for the superior manner in which the general mess is operated, despite limited facilities.

The Spring Valley resident, CS1 William H. Murphy of 9064 LaMar Street, is in charge of the mess, along with CS3 Jose R. Santos, under the direction of Chief Boatswain C. P. Fraley. Education Is Sought After Goal Of Mt. Miguel Juniors

GIVES TEST—Pictured is Robert Spencer, Mount Miguel High School junior class counselor, who initiated a college preparatory questionnaire. "The surprising thing about the questionnaire is that the answers indicate that the class has its feet pretty well on the ground and they feel their plans are not too difficult to attain," said Spencer.

Education is the most sought after goal of junior class students at Mt. Miguel High School who expect to further their knowledge after high school. Twenty-seven juniors replied they expect to work in some form of education upon completion of college when asked in a questionnaire what they expect their major field to be.

The questionnaire was initiated by Robert Spencer, Mt. Miguel junior class counselor. It was given in conjunction with the programming for the senior year.

Ninety-five students said they expect to attend San Diego State College. San Diego Junior College was given as their choice by 33 juniors. Colleges such as Pacific Lutheran, Southern California, Santa Barbara and California Institute of Technology lagged far behind with four to six students in each case listing them as their favorites.

A total of 134 said they expect to work their way through college, with 110 depending on parents to foot the cost. Thirty-four indicated they would attend on scholarships.

The class was pretty evenly divided on what it will cost to get their sheepskins. Eighty said they had no idea while 87 professed to know the approximate costs.

Ackerman, CSSp, auxiliary bishop of the San Diego Catholic Diocese, will preside at the ceremonies. Steven Manley, son of Mr. and Mrs. D. V. R. Manley, 7714 Ludington Place, La Jolla, will be the class valedictorian.

At 8:30 a.m. on their graduation day, the seniors from the private boys school will attend a Baccalaureate Mass to be celebrated by Father Aherne in the school auditorium. Rt. Rev. Msgr. Antarctic Explorer To Be Graduation Speaker At State

Paul A. Siple, veteran Antarctic explorer who won early fame as a Boy Scout member of the first Byrd expedition, will be commencement speaker at San Diego State, President Malcolm A. Love announced today.

Commencement exercises will be held in the campus Open Air Theater at 10 a.m., Friday, June 12. Nearly one thousand students will receive degrees during the ceremonies.

Siple is currently director of the Army's Polar Research Division. In 1956-57 he was Scientific Leader of the International Geophysical Year's South Pole Station.

He summarized his experiences in the book, "A Boy Scout with Byrd," and during the early '30's was one of the nation's most sought after speakers.

The experience left Siple a confirmed explorer. He returned to the Antarctic with Byrd as chief biologist of the 1933-35 expedition. Later he received a doctorate degree in geography and in 1939-41 made his third trip south under Byrd. On this expedition he served as leader of West Base, Little America III and as navigator on all exploratory flights over the continent.

Siple directed weather and clothing research for the Army during World War II, helping to develop such gear as the thermal barrier boot and the cold-weather parka.

Richard Stiteler Passes At 45

Mr. Stiteler worked at his job as machinist at Ryan Aircraft all day. He became ill and was hospitalized on Saturday and failed to recover.

Services were held Friday at Conrad Lemon Grove Mortuary followed by interment at Mt. Hope Cemetery.

Survivors are his wife Emma and four chlidren: Beverly, Dixie, John and Richard Jr., and his parents, Mr. and Mrs. Rowlan Stiteler of 2492 Massachusetts Avenue, Lemon Grove.

Summer School Starts June 22

Summer school sessions at all four Grossmont Union High School District schools will open June 22 at 8 a.m., and estimates of enrollment figures show them about the same or a little higher than they were last year. Last year about 60 percent of regularly enrolled pupils also took summer classes which run from 8 to 10 a.m. and from 10 a.m. to noon every week day through August 7.

This year students are registering for summer classes in advance and may attend El Cajon High, Grossmont, Helix, or Mt. Miguel. While students are encouraged to attend the school of regular enrollment, exceptions will be permitted for valid reasons.

Summer classes give students an opportunity for enrichment or to take required subjects in order to free their schedules for other classes they want to take during winter sessions. Students who have graduated from eighth grade are also eligible to take summer courses. Emphasis on reading improvement is being made throughout the district.

At Mt. Miguel, a summer class in algebra will prepare incoming freshmen to go into plane geometry in September, according to Virgil Duea, principal. There will also be classes in world culture, Spanish I and II, a full instrumental music program, and regular classes in other subjects.

☆ Kids Day at the Southern California Exposition and County Fair at Del Mar will be July 1. Exposition dates are June 26 through July 5. Youngsters under 12 years of age will be admitted free on their day.

Padres In Longest Home Stand

San Diego's Padres will be in action at Westgate Park this week and next in one of their longest home stands of the Pacific Coast League baseball season.

After three games with Portland's hot Beavers, the Padres will entertain the Spokane Indians, managed by colorful Bobby Bragan. Friday through Sunday. Vancouver visits here Monday through Wednesday before the Padres start a six-game series with Seattle.

In all, the Padres will play 16 games in this long home stand.

"These home games should help decide our chances in the pennant race," said George Metkovich, Padre manager who was suspended for three days last week after a run in with umpire Jack Tobin, during the Sacramento series.

The Padres came out of Sacramento with an even break in four games, losing the finale, 5-2, after John Briggs had pitched a masterful four-hitter the previous night to hand San Diego a lead over Bob Elliott's clan. Briggs decided the game with a three-run homer in the second inning.

Metkovich's worries about a relief pitcher appear to be at an end. Pete Wojey is the answer. He won two games last week. After Dick Stigman pitched 10⅔ innings of hitless ball and retired after 12 innings with the score 0-0 against Salt Lake Ctiy, Wojey hurled three rounds and scored his second win.

District Assembly Of Jehovah's Witnesess Begins

The Awake Ministers District Assembly of Jehovah's Witnesses for Southern California will begin this week on Thursday. Edgar A. Flinn, presiding minister of the La Mesa congregation, said the delegation will meet at the Del Mar Fairgrounds.

According to Mr. Flinn, the program will officially get underway with the address of welcome at 2:30 p.m. by Bruce E. The party will be staged on the lawn of the Hitchcock home at 3002 Helix Street, in Spring Valley.

Mrs. Hitchcock's show is an annual Christmas feature at the Puppet Theater in Balboa Park. She also will present her dog, Lester No No, large white poodle, of which one of the puppets is an exact replica.
